

# Czech Republik

The Czech Republic, better known as Bohemia, is a country in Central Europe famous for its ornate castles, rich history, and beer. The main attractions of Prague, the country's capital, are the 9th-century Prague Castle - a well-preserved medieval part of the city - and the Charles Bridge with its statues. Cesky Krumlov, a small town in Southern Bohemia, is notable for its architecture, which combines Gothic, Renaissance and Baroque. Its ancient buildings house many shops and restaurants. — Google
